

MEDIA PERMISSION FORM INFORMATION

Dear Parents/Carers,

On occasions, photographers from local media and education news publications come into the school to record special events such as sports days, concerts, fundraising events and classroom programs. Children's photos may also appear in school publications (such as the Newsletter and Facebook) that are distributed within the school community.

Photos of children will also be displayed on the school intranet (accessible only from within the school) and the school's website which is publicly accessible.

Obviously, we would like to be able to display photos of all our children. However, we understand that some parents/guardians/care givers may not wish to have their child's face appear publicly. As a result, we would like the attached form completed and returned to your child's grade teacher.

Please note that Mirniyan Primary School complies with the requirements of the Information Privacy Act and the Health Information Act. A privacy statement is available at the office if you require it. This permission note does not include daily press or broadcast media e.g. Radio or TV. Specific parent permission will be obtained before children will appear in the daily press or broadcast media.

Principal
